Wales Space Strategy &

IGS Action Plan

“Supporting the UK’s goals”

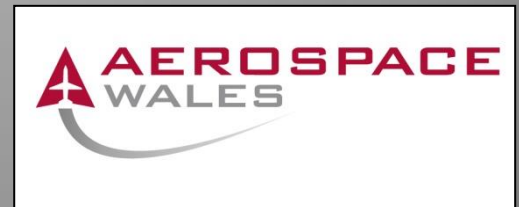

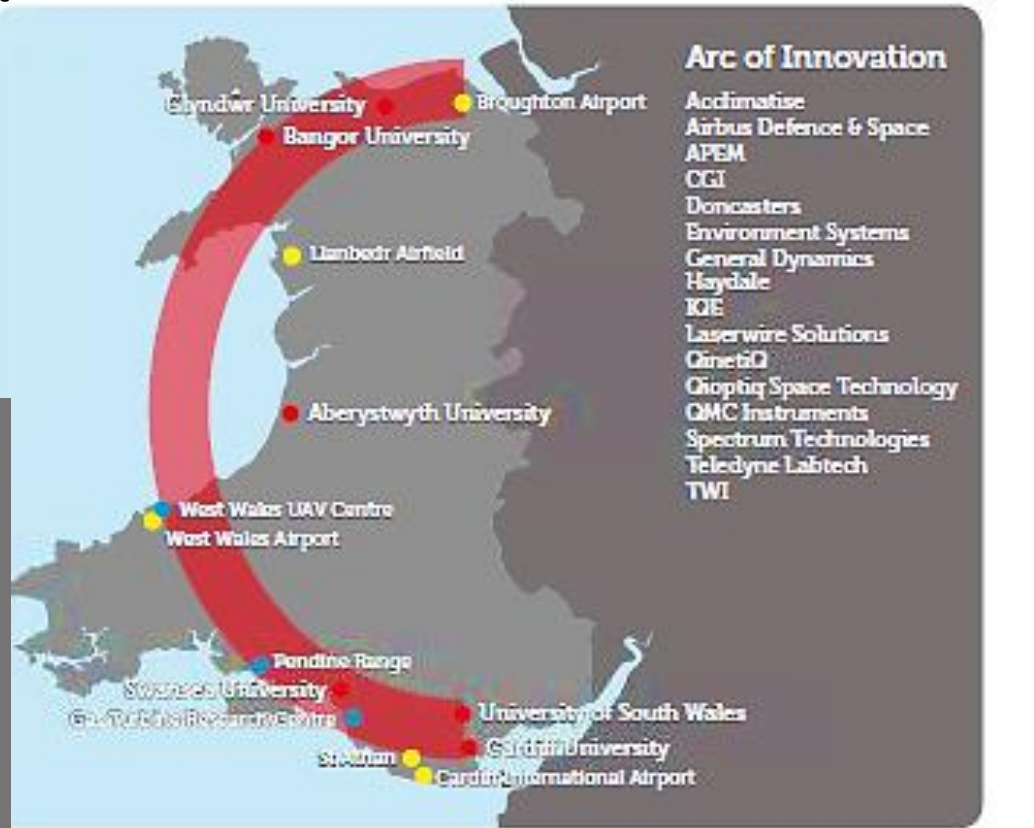

John Whalley

CEO, Aerospace Wales Forum

Arc of Innovation

A combination of industry, academic and testing infrastructure expertise creates an innovative space ecosystem in Wales that can support the growth of the UK space industry.

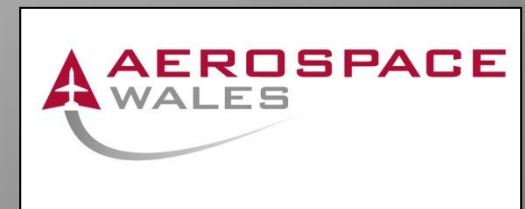

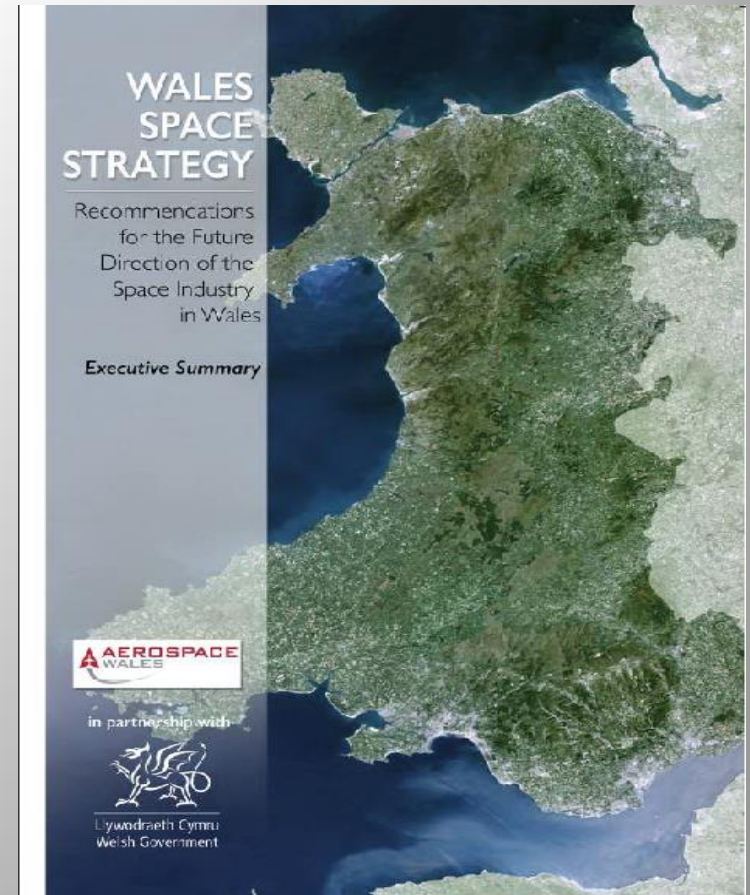

Wales Space Strategy

Recommendations:

- **Develop clusters**
- **Strengthen UAS environment**
- **Diversify the industry value chain**
- **Develop skills for the space sector**

“Wales will continue to work as a team member with the UK space community to contribute toward the realisation of the UK’S 2030 Goals”.

THANK YOU FOR LISTENING
